Good for now.

We are enroute from Katy, TX (west side of Houston). Team is picking up a generator as well and will be there tonight. Current ETA is 9pm, could be sooner pending traffic / route availability.

Our contact is Steve Poupos - (732) 216-7164 – copied here.

We have two teams arriving, single convoy. Our SatCOLT for the communications and HAZMAT team to recover cell sites when all clear is given.
